FOREWORD

102-03191/

Service Nova Scotia and Municipal Relations takes pleasure in issuing the Annual Report of Municipal Statistics for the fiscal year April 1, 1999 - March 31, 2000.

The Report contains a great deal of statistical information relating to the various municipal units of Nova Scotia. It is prepared and compiled in a uniform manner. Accordingly, it is possible to compare figures relating to one municipal unit with those of another municipal unit in Nova Scotia. For the same reason, it is usually possible to compare them with figures of municipal units in other provinces, but it must be remembered that there are differences in municipal administration between each province and these are sometimes substantial.

I express my appreciation to the Chief Administrative Officers, Town Managers, Clerks, Treasurers, Auditors, and other officials of the various municipal units who have provided information to enable us to prepare this report. I am grateful, also, to the officials of my Department who examine the information submitted to us, adjust it where necessary and compile it in a suitable form for publication.

INTRODUCTION

MUNICIPAL ORGANIZATION

All of Nova Scotia is incorporated into municipalities. There are three types: regional municipalities (3), towns (31) and county or district municipalities (21). The regional municipalities' and the county or district municipalities' boundaries are based on the traditional county or district boundaries that were used for the delivery of court and registry services. County and district municipalities' boundaries exclude the area that has been included within the boundaries of incorporated towns. There are no towns in the regional municipalities.

In addition, there are other organizations providing what are commonly considered to be municipal services. Within the district or county municipalities as of March 31, 2000, these include:

(1) village commissions incorporated and operating under the Municipal Government Act for furnishing municipal services to a more populated area of a county or district municipality. There are now twenty-two such village commissions,

(2) local commissions incorporated and operating under special Acts of the Legislature, for example street lighting or fire protection,

(3) service commissions such as rural fire districts, incorporated under the Rural Fire District Act to provide fire protection,

In a few cases also, commissions have been created in municipalities or pursuant to an intermunicipal agreement, to operate municipal services. Village commissioners and service commissions are authorized to levy taxes in addition to those collected by the municipality itself. We are able to include in this Report, statistics of nineteen villages and seven commissions.

INTRODUCTION

STATISTICAL HIGHLIGHTS

(1) The total taxable assessment of all municipal units in Nova Scotia for 1999 was approximately $33.4 billion. This compares with approximately $32.6 billion for 1998 and represents an increase of 2.5 percent.

(2) The tax on assessable property for all municipal units in Nova Scotia for 1999/2000 was approximately $521 million. This is an increase of 3.4 percent, from the $504 million tax levy for 1998/99.

(3) Tax collections have continued to remain high. The Regional Municipalities in 1999/2000 collected 99.8 percent compared to 100.2 in 1998/99. Towns on average collected 99.9 percent as compared with 100.7 percent in the previous year. County and district municipalities collected 97.8 percent as compared with 99.7 percent in 1998/99. Note that in computing these figures, the amount of taxes collected includes both current and prior in the given year as a percentage of the total current roll.

(4) Total outstanding taxes for all municipalities in Nova Scotia at March 31, 2000 was approximately $80.3 million compared with $75.4 million the year before. Valuation allowances for uncollectible taxes have been increased from $46.6 million to $47.1 million.

(5) During 1999/2000 the Municipal Finance Corporation borrowed approximately $86.9 million on behalf of municipalities in Nova Scotia; a decrease from the $105.1 borrowed in the previous year. The average cost of borrowing was approximately 6.05 percent.

(6) The total net debenture debt of all municipalities increased to approximately $472.4 million as compared with $446.3 million in 1998/99.

May I express our appreciation to the officials, both elected and appointed, of our regional municipalities, towns, county and district municipalities and villages, whose cooperation has made this Report possible.
